4. Aramil

Manpower

Dairy production

1 Construction and acquisition of equipment:

Up to **90%** of expenditures subsidies for purchase of machinery and equipment for agricultural enterprises

Up to **50%** of expenditures compensation of expenditures of construction and modernization of dairy farms

2 Purchase of animals and animal husbandry:

Up to **15** mln. RUB per ton of body weight compensation of expenditures for purchase of cattle

Up to **3 200** RUB / ton per year compensation of expenditures of cattle husbandry

3 Other

Up to **3,7** RUB/l subsidies for milk being sold

Up to **241** RUB/ha independent support in crop farming

State support is provided based on the results of the selection of agricultural producers registered in the Sverdlovsk region, if the following criteria are satisfied:

Not less **50** heads
planned number of cows
(heifers, goats)

Not less **4 000** l/cow per year
level of planned productivity

Investments in Agriculture

1 600 Breeding goats per year
10 ton meat per year
2.5 ton milk per day
1800 Cattle heads up to the end of 2019

"Construction of the farm for 1000 goats with farm leveller in settlement Sadovy, Sverdlovsk region"

RUB 569,6 mln investment project
8 thous .ha square area

1. Modern fodder preparation and distribution systems
2. Dayrimaster rotary milking parlors
3. Own production of fodder
4. Climate control systems
5. Cheese production

2 476 high- tech workplaces
16,1 thous. t planned gross production of vegetables

«Innovative greenhouse complex»

8 bln. RUB investment project
24,4 ha square area
42 kg/m² leafy vegetables
92 kg/m² tomato

1. Innovative Ultra Clime system
2. Interplanting technology (continuous harvest system)

3 10 000 t Elite seeds

Selective-seed-producing company «Uralsky Kartoffel»

1,8 bln. RUB investment volume up to 2025
100 000 pcs. production of plants in-vitro
560 000 pcs. production of potato mini tubers
750 pcs. diagnostics of potato health for 5 organizations
10 ha planting of elite seed potato
200 production of elite seed potato

The project is aimed at creation of modern seed production system for production and sales of high- quality potato seed of domestic selection with steady sales volume

Agricultural Exhibitions and Fairs

Interregional agro-industrial exhibition
Ural Federal District (17.09-19.09.2019)

Agroforum - Interregional specialized exhibition-
forum (yearly)

Forum description

Seminars, round tables, presentations, meetings on such vital topics as : "Digitalization of agriculture", "Development of food and processing industry of the Ural region", "Scientific support and prospects for development of fodder production in the Ural Federal District ". Discussion on the prospects of pig and poultry industries. Practical conference "Scientific and technological development of agriculture".

Location

Forum description

More than hundred regional manufacturers as well as agricultural and processing companies from Russia and foreign participants take part in the Forum.

The exhibition is a unique platform which gives an opportunity to evaluate the level, potential and future prospects of the Ural agro-industrial complex
